Two-Time National Award Winner for Best Fire & Safety Institute Network in India

फायर इंजिनियरिंग : दूसरों को सेफ्टी देने वाला यह करियर भी है सेफ

हाल के दिनों में आगजनी की घटनाएं तेजी से बढ़ी हैं। चलती कारों में आग लग जाती है, तो बड़े-बड़े मॉल्स, काफी हद तक सुरक्षित मानी जानी वाली ऊंची-ऊंची इमारत भी पूरी तरह सुरक्षित नहीं है। यदि आग अनियंत्रित हो जाए, तो जान-माल का भी काफी नुकसान होता है। ऐसी स्थिति में फायर इंजीनियरिंग से जुड़े लोगों की जरूरत होती है, जो आग पर काबू करना अच्छी तरह जानते हैं।

क्या है फायर इंजीनियरिंग :

फायर इंजीनियरिंग में पब्लिक के बीच रहकर ही काम करना होता है। सिविल इंजीनियरिंग, इलेक्ट्रिकल इंजीनियरिंग, एनवॉयर्नमेंटल इंजीनियरिंग जैसे विषयों से तो इसका सीधा जुड़ाव होता ही है, आग लगने पर पब्लिक का कैसा व्यवहार हो, पब्लिक के साथ इन लाइफ गार्ड्स का क्या व्यवहार हो, इन सब पर भी जोर दिया जाता है। इसके अलावा ढेर सारी तकनीकी बातें होती हैं, जो इसे बाकी क्षेत्रों से अलग करती हैं, मसलन- आग बुझाने के यंत्रों की तकनीकी जानकारी, स्प्रिंकलर सिस्टम, अलार्म, पानी की बौछार का सबसे सटीक इस्तेमाल और कम से कम समय और संसाधनों में ज्यादा से ज्यादा लोगों की जान और माल के बचाव के साइंटिफिक फॉर्मूले। सबसे बड़ी बात है क्राइसिस मैनेजमेंट। इस करियर में आप इसे भी सीखते हैं। बड़े-बड़े मॉल्स या मेले तो आग के मामले इतने खतरनाक होते हैं कि एक साथ सैकड़ों की जान जाती है। जैसा कि कुछ समय पहले मेरठ के मेले में हुआ था। इस वजह से आज फायर इंजीनियरों की मांग काफी बढ़ गई है। फायर इंजीनियरों की मांग को पूरा करने के लिए आज कई सरकारी व निजी संस्थान खुल गए हैं। साथ ही, देश के कई विश्वविद्यालयों ने इस कोर्स को अपने पाठ्यक्रम में शामिल कर लिया है।

चुनौतियों तमाम :

कार्य के दौरान फायर इंजीनियर का सामना कई तरह की चुनौतियों से भरा होता है। इसके लिए साहस के साथ-साथ समाज के प्रति प्रतिबद्धता होनी भी जरूरी है। फायर इंजीनियर का कार्य इंजीनियरिंग डिजाइन, ऑपरेशन व प्रबंधन से संबंधित होता है। फायर इंजीनियर की प्रमुख जिम्मेदारी दुर्घटना के समय आग के प्रभाव को सीमित करना होता है। इसके लिए वे अग्निसुरक्षा के विभिन्न तरीकों को इस्तेमाल करते हैं। इसके अतिरिक्त अग्निशमन के आधुनिक उपकरणों के इस्तेमाल व उसके रख-रखाव की तकनीक में सुधार करना भी इनकी जिम्मेदारी होती है।

कोर्स और पाठ्यक्रम :

कुशल फायर इंजीनियर बनने के लिए बेचलर इन फायर इंजीनियरिंग की डिग्री या उप-फायर-अधिकारी या सर्टिफिकेट कोर्स इन फायर टेक्नोलॉजी एंड सेफ्टी, पोस्ट ग्रेजुएट डिप्लोमा इन फायर प्रोटेक्शन इंजीनियरिंग एंड इंडस्ट्रियल सेफ्टी, डिप्लोमा इन फायर इंजीनियरिंग कोर्स के अलावा फायर इंजीनियरिंग में अन्य छोटे-छोटे कोर्स भी उपलब्ध हैं।

योग्यता :

विभिन्न पाठ्यक्रमों के लिए योग्यताएं भी अलग-अलग होती हैं। फायर इंजीनियरिंग में अधिकांश कोर्स ग्रेजुएट स्तर पर उपलब्ध हैं, जिसके लिए

साइंस विषयों में बारहवीं पास होना जरूरी है। इसके अलावा इन कोर्सों में प्रवेश के लिए कई संस्थान राष्ट्रीय स्तर पर प्रवेश परीक्षा और साक्षात्कार आदि भी आयोजित करते हैं। बैचलर ऑफ इंजीनियरिंग के अलावा आप इस क्षेत्र में स्नातकोत्तर स्तर पर मास्टर और डॉक्टरेट की पढ़ाई भी कर सकते हैं।

शारीरिक योग्यता :

इन पाठ्यक्रमों में फिजिकल फिटनेस के अंक भी जोड़े जाते हैं। पुरुष के लिए 50 किलो के वजन के साथ 165 सेमी लंबाई और आईसाइट 6/6, सीना सामान्य रूप से 81 सेमी और फुलाने के बाद 5 सेमी फैलाव होना जरूरी है। महिला का वजन 46 किलो और लंबाई 157 सेमी और आईसाइट 6/6 होनी चाहिए।

संभावनाएं : इस संबंध में एशियन इंस्टीट्यूट फायर सेफ्टी के फाउंडर डायरेक्टर श्री अजय कुमार लिलहारे कहते हैं कि इसमें रोजगार की अपार संभावनाएं हैं। पहले जहां अवसर केवल सरकारी फायर बिग्रेड में ही होते थे, वहीं बदलते दौर के साथ फायर इंजीनियरिंग कोर्स करने वालों के लिए ढेरों नए विकल्प भी सामने आ गए हैं। इनमें प्रमुख इस प्रकार हैं...

विदेशों में : लगभग सभी देशों में और खासकर अरब देशों में फायर इंजीनियर्स और सेफ्टी पर्सन्स की मांग में बतहाशा वृद्धि देखने में आई है। एक अनुमान के अनुसार हर साल 10-15 हजार भारतीय फायर इंजीनियर्स और सेफ्टी पर्सन्स अरब देशों में नौकरीयां प्राप्त कर रहे हैं। जो उम्मीदवार विदेशों में जॉब का सपना देख रहे हैं, उनके लिए यह कोर्स मील का पत्थर साबित होगा।

उद्योगों में : माननीय सप्रिम कोर्ट के आदेशानुसार हर प्लांट में इनकी नियुक्ति अनिवार्य है, जिस वजह से फायर इंजीनियर्स और सेफ्टी पर्सन्स जॉब की भरमार है।

प्रशिक्षण :

इस पाठ्यक्रम के तहत आग बुझाने के विभिन्न तरीकों की जानकारी दी जाती है। इसमें बिल्डिंग निर्माण के बारे में भी जानकारी दी जाती है। ताकि, आग लगने की स्थिति में उसे बुझाने में ज्यादा परेशानी न हो। उन्हें आग लगने के कारणों और उसे बुझाने के उपायों के बारे में भी विस्तार से बताया जाता है।

कंसल्टेंसी

जब से हर बड़ी इमारत के साथ आग से जुड़े खतरों के लिए कुछ जरूरी नियमों का पालन करना अनिवार्य कर दिया गया है, इस फील्ड में कंसल्टेंट्स की मांग बढ़ गई है। कंसल्टेंसी की कंपनियां धीरे-धीरे बिल्डर्स का भरोसा जीत रही हैं और उनकी संख्या बढ़ रही है।

रिसर्च :

फायर प्रोटेक्शन के फील्ड में रिसर्च पहले भारत में नहीं होता था, लेकिन अब यहां भी होने लगा है। हालांकि, ऐसा अभी बहुत कम कंपनियों ने किया है, लेकिन बड़े कैपस वाली कंपनियां अब फायर प्रोटेक्शन इंजीनियरिंग की स्थाई भर्ती करने लगी हैं।

इंश्योरेंस :

जैसे-जैसे आग लगने के मामले बढ़ रहे हैं, वैसे-वैसे आग से जुड़ी बीमा पॉलिसियों की भी मांग बढ़ गई है। इसके साथ ही ऐसे लोगों की जरूरत भी बढ़ गई है, जो आग से होने वाले नुकसान का ठीक-ठीक अनुमान लगा सके। मैन्युफैक्चरिंग अब हर बड़े निर्माण में आग बुझाने के उपकरणों को रखना भी अनिवार्य कर दिया गया है। इससे उपकरणों का उत्पादन भी बढ़ गया है। उनके उत्पादन से लेकर मार्केटिंग तक के फील्ड में फायर इंजीनियर्स की मांग बढ़ गई है। अब सारे सिटी प्लानर भी फायर इंजीनियर्स को साथ रखकर ही टाउन प्लानिंग करते हैं।

सैलरी पैकेज :

सरकारी अथवा गैर सरकारी संगठनों में फायरकर्मियों के वेतन का आधार अलग-अलग होता है। दोनों में पर्याप्त भिन्नता देखने को मिलती है। सरकारी संस्थानों में जहां एक फायरमैन की तनख्वाह 20000-25000 रुपये प्रतिमाह होती है। वहीं, फायर इंजीनियर को 40000-55000 रुपये और मुख्य अग्निशमन अधिकारी को इससे अधिक वेतन मिलता है। इसकी तुलना में प्राइवेट संस्थाएं अपने यहां कार्यरत फायरमैन को 12000 से 19000 रुपये, फायर इंजीनियर को 25000-35000 रुपये तथा अग्निशमन अधिकारी को 30000 से 50000 रुपये प्रतिमाह तक का सैलरी पैकेज देती हैं। प्राइवेट संस्थान अपने यहां कुछ वर्ष का अनुभव रखने वाले लोगों को ही वरीयता देते हैं। वैसे निजी संस्थाओं में वेतन का आधार स्वयं की काबिलियत और अनुभव रखता है। अलग-अलग कंपनियां अपनी क्षमता के अनुसार वेतन तय करती हैं।

Message from the Desk of Directors

It brings me immense pride and satisfaction to witness the growth of the Asian Institute of Fire Safety, an institution founded with the vision of making India a safer and more resilient nation. In today's industrial and urban landscapes, fire safety, disaster response, and occupational health are no longer optional—they are essential. AIFS stands as a beacon of excellence in this field, committed to producing highly trained professionals equipped with the knowledge, discipline, and courage to protect life and property.

Our courses are designed not just to provide employment, but to build a sense of duty, leadership, and public service. We integrate industry-aligned curricula, government certifications, and intensive hands-on training to prepare students for real-life emergencies. Whether you aim to serve in industry, government, or public safety roles, AIFS will give you the tools and confidence to succeed.

I welcome you to be a part of our mission—to transform ambition into ability and responsibility into action. Let us build a safer future together.

Mr. Ajay Kumar Lilhare

Founder Director,
Asian Institute of Fire Safety (AIFS)

Message from the Desk of Directors

Mr. Jayesh C. Patil

Executive Director,
Asian Institute of Fire Safety,
Panvel (Mumbai)

At AIFS Panvel, we believe that safety is the foundation of sustainable development. The demand for trained fire and industrial safety professionals is increasing across all sectors—manufacturing, infrastructure, healthcare, aviation, and more. Our role is to prepare students not only with certifications but with competence, clarity, and character.

Our programs are deeply rooted in real-world applications. With live fire drills, advanced simulation labs, and faculty drawn from the field, we ensure that each student graduates with a professional edge. AIFS Panvel is proud to foster a culture of performance, ethics, and continuous improvement.

We don't just educate—we empower. I encourage all aspiring candidates to join this movement, take control of their future, and contribute meaningfully to society's safety and progress.

Mr. Chandrakant M. Thorat

Administrative Director,
Asian Institute of Fire Safety,
Panvel (Mumbai)

The strength of any educational institution lies not only in its faculty or infrastructure but in its systems, discipline, and support structures. As Administrative Director, I ensure that every student at AIFS Panvel experiences a smooth, transparent, and focused learning journey.

From admissions to placements, from examinations to certifications—our administrative team ensures timely, fair, and student-friendly processes. We understand that for many students, especially those from smaller towns or working backgrounds, this is not just a course—it's a life-changing opportunity.

At AIFS, we treat every student's career goal with respect and responsibility. I assure you that you will find in us a trusted guide and partner as you prepare to take on one of the most critical roles in any industry—ensuring safety.

Message from the Desk of Principal

Mr. Avinash L. Chaurasiya

Principal,
Asian Institute of Fire Safety, Gondia

AIFS Gondia has always upheld the values of dedication, technical excellence, and community service. Our students are trained not only to secure jobs but to become protectors of life and infrastructure. Through a blend of theoretical instruction and intensive field training, we transform ordinary youth into extraordinary professionals.

Located in the heart of Maharashtra, our Gondia campus is equipped with modern labs, experienced faculty, and real-world exposure programs. We place great emphasis on discipline, leadership, and continuous learning, preparing students to meet the highest safety standards in any sector.

I invite you to step forward, join our courses, and become part of a growing network of responsible, capable, and respected fire and safety professionals.

Mrs. Pooja A. Lilhare

Principal,
Asian Institute of Fire Safety, New Delhi

At AIFS New Delhi, we understand the pulse of a growing urban India. As the capital city expands with complex infrastructure and high-risk industries, the need for professionally trained fire and safety personnel becomes urgent and undeniable. Our institute responds to this need by nurturing well-rounded, courageous, and technically sound individuals.

We are committed to providing an environment where students are not just taught, but mentored. With hands-on training modules, fire simulation exercises, and industry visits, we ensure our students are ready for any challenge.

If you are passionate about protecting lives and want a career filled with purpose, AIFS New Delhi is your gateway. Join us and become a vital part of India's safety workforce.

Message from the Desk of Principal & HOD

Mrs. Vidya J. Patil

Principal,
Asian Institute of Fire Safety, Panvel

Education is not merely about learning facts—it's about building character, confidence, and compassion. At AIFS Panvel, we nurture each student to become a safety leader who understands the value of human life and the responsibility that comes with safeguarding it.

Our programs are thoughtfully designed to bridge classroom theory with ground realities. From construction sites to oil refineries, our students find themselves equipped and empowered to create impact. We emphasize discipline, real-time decision-making, and empathy in every session.

I invite you to join AIFS Panvel where learning is a commitment to service and growth. We look forward to walking with you on your journey toward excellence and public service.

Mr. T. F. Thakre

HOD,
Asian Institute of Fire Safety, Gondia

Dear Students and Guardians,

Welcome to the Asian Institute of Fire Safety, Gondia — where we shape skilled professionals in Fire Safety, Industrial Safety, and Disaster Management. We are proud to be affiliated with MSBTE, SCVT Delhi, and certified by the MSME-Technology Development Centre (Govt. of India).

Our training blends theoretical knowledge with practical exposure, ensuring you're fully prepared for careers in both government and private sectors.

Join us to build a future that is not only secure for you — but safer for society.

Introduction

Fire safety and industrial safety are critical components in today's fast-paced and technologically advanced world. With industries expanding and infrastructure development on the rise, the demand for skilled professionals in fire safety, industrial safety, and disaster management is growing rapidly.

Asian Institute of Fire Safety (AIFS) is committed to providing top-tier education and practical training in fire safety and risk management. As a division of Asian Group of Institutions & Research Organization, we strive to create a well-trained workforce capable of handling emergencies, preventing accidents, and ensuring workplace safety.

Our institution offers Government-Recognized Courses, Industry-Oriented Training, and State-of-the-Art Facilities to equip students with essential skills. With affiliations from SCVT (Govt. of NCT, Delhi), MSBTE (Mumbai), and MSME-TDC (Meerut, Govt. of India), we ensure that our students receive high-quality education with nationally recognized certifications.

At AIFS, we believe in a hands-on approach to learning. Our Practical Training Modules, Live Fire Demonstrations, and Industrial Exposure Programs prepare students to tackle real-world challenges with confidence. Our faculty consists of experienced professionals who bring industry insights, ensuring that students gain both theoretical knowledge and practical expertise.

By choosing Asian Institute of Fire Safety, students open doors to promising career opportunities in industries such as Manufacturing, Aviation, Oil & Gas, Construction, Defense, Corporate Safety, and Disaster Management. Whether aspiring to become fire officers, safety managers, or emergency response professionals, our graduates are well-prepared to meet the industry's growing demands.

Join us in our mission to Build a Safer Tomorrow by becoming a certified fire and safety professional today!

About Us

The Asian Institute of Fire Safety (AIFS) is a premier institution dedicated to providing world-class education and training in Fire Safety, Industrial Safety, Health & Environment Management, and Disaster Response. As a division of the Asian Group of Institutions & Research Organization (Regd. No. MAH/21/10-GONDIA), AIFS is committed to developing highly skilled professionals who play a crucial role in ensuring workplace and community safety.

Our Mission

Our mission is to provide Quality Education, Hands-on Training, and Skill Development in fire safety and industrial safety. We aim to create a Safety-Conscious Workforce capable of handling emergencies, preventing accidents, and ensuring compliance with global safety standards.

Our Vision

To be recognized as a Leading Institute in Fire And Industrial Safety Training, offering cutting-edge courses that meet the evolving demands of industries and government sectors. We aspire to contribute to a safer society by producing professionals equipped with the latest knowledge, practical expertise, and leadership skills.

Our Commitment to Excellence

- **Government-Recognized Certifications** – AIFS is affiliated with **SCVT (Govt. of NCT, Delhi)** and **MSBTE (Mumbai)** and offers courses certified by **MSME-TDC (Meerut, Govt. of India)**.
- **Experienced Faculty** – Our instructors include **Seasoned Fire Safety Professionals, Engineers, and Industry Experts** with extensive field experience.
- **Comprehensive Training Approach** – We combine **Theoretical Knowledge** with **Practical Training**, including **Live Fire Demonstrations, Industrial Visits, Safety Drills, and Real-World Simulations**.
- **State-of-the-Art Infrastructure** – Our **Advanced Training Labs, Fire Simulation Units, and Safety Equipment** provide students with hands-on learning experiences.
- **Strong Industry Collaborations** – AIFS has **Strong Ties with Industries, Corporate Organizations, and government agencies**, ensuring excellent **Placement Opportunities** for students.
- **Commitment to Skill Development** – Our courses are designed to meet **National and International Safety Standards**, making graduates highly employable in various sectors such as **Oil & Gas, Construction, Aviation, Defense, And Emergency Response Services**.

Our Centers

We operate through multiple centers to provide high-quality education and training across India:

- **New Delhi – National Corporate Office and Training Center**
- **Gondia (Maharashtra) – Registered Office (H.O.)**
- **Panvel (Navi Mumbai, Maharashtra) – Regional Center**

At Asian Institute of Fire Safety, we don't just educate—we prepare individuals for Life Saving Careers that make a real difference in the world.

Recognitions & Collaborations

The **Asian Institute of Fire Safety (AIFS)** is recognized by esteemed government bodies and collaborates with various institutions to ensure **High-Quality Education, Industry-Relevant Training, And Career-Oriented Skill Development**. Our accreditations and partnerships strengthen our commitment to delivering top-notch training programs in **Fire Safety, Industrial Safety, Health & Environment Management, and Disaster Response**.

Government Recognitions & Accreditations

AIFS operates under the **Asian Group of Institutions & Research Organization**, which is **legally registered** under **Regd. No. MAH/21/10-GONDIA**. Our certifications and affiliations validate our commitment to quality education and industry relevance.

1. State Council for Vocational Training (SCVT), Govt. of NCT, Delhi

- AIFS, New Delhi, is **affiliated with SCVT, Govt. of NCT, Delhi**, ensuring that our fire safety courses meet **National Vocational Training Standards**.
- Courses affiliated with SCVT are **recognized across industries** and provide students with **valuable career opportunities** in fire and industrial safety.

2. Maharashtra State Board of Technical Education (MSBTE), Mumbai

- AIFS **Gondia and Panvel (Navi Mumbai)** campuses are affiliated with **MSBTE, Mumbai**, offering **Technical Diplomas** in fire and industrial safety.
- Recognized by the **Government of Maharashtra**, MSBTE certifications provide **enhanced employability** in industrial sectors.

3. MSME-Technology Development Center (TDC), Meerut, Ministry of MSME, Govt. of India

- AIFS (New Delhi, Gondia, and Panvel) offers **courses certified by MSME-TDC, Meerut** under the **Ministry of Micro, Small & Medium Enterprises (Govt. of India)**.
- These certifications **enhance job prospects** and provide students with **government-backed validation of their expertise** in fire safety and disaster management.

About MSBTE, Mumbai

The **Maharashtra State Board of Technical Education (MSBTE), Mumbai** is an autonomous board of education under the **Government of Maharashtra**, responsible for **designing and implementing Diploma, Advanced Diploma, and Post-Diploma Programs** in technical education. MSBTE ensures that students receive industry-relevant training that aligns with national and global standards.

Key Highlights of MSBTE

- Established to enhance technical education across Maharashtra.
- Regulates and affiliates polytechnic institutes, engineering colleges, and specialized technical institutions.
- Offers Industry-Oriented Diploma Courses in various engineering and applied sciences fields.
- Focuses on Skill Development, Innovation, and Practical Learning.
- Ensures that students receive Job-Ready Training and Recognized Certifications that boost employability in Government And Private Sectors.

MSBTE-Affiliated Courses at Asian Institute of Fire Safety

Asian Institute of Fire Safety, Gondia

Sr. No.	COURSE	ELIGIBILITY	DURATION
1	Advanced Diploma in Industrial Safety	Diploma in Engg./B.Tech / BE / B.Sc.	1 Year

Asian Institute of Fire Safety, Panvel (Navi Mumbai)

Sr. No.	COURSE	ELIGIBILITY	DURATION
1	Diploma in Fire Service Engineering	12th Pass / ITI	2 Year
2	Advanced Diploma in Industrial Safety	Diploma in Engg./B.Tech / BE / B.Sc.	1 Year

Why Choose an MSBTE-Affiliated Course?

- Recognized by the Government of Maharashtra – Ensures **Higher Employability** in fire safety, Industrial Safety, & Risk Management Sectors.
- Strong industry tie-ups** – Offers students **Internships and Job Placements** in top industries.
- Updated curriculum** – Aligned with **Latest Safety Protocols and Technology Advancements**.
- Practical and Theoretical Learning** – Includes **Live Fire Drills, Industrial Safety Training, and Real-World Simulations**.
- Career Advancement** – Qualifies students for **government and private sector jobs** in **Fire Safety, Disaster Management, and Occupational Health & Safety (OHS)**.

By offering **MSBTE-recognized diploma programs**, Asian Institute of Fire Safety ensures that students **gain technical expertise, professional certifications, and career opportunities** in the field of **Fire And Industrial Safety Management**.

About SCVT, Govt. of NCT, Delhi State

The **State Council for Vocational Training (SCVT), Govt. of NCT, Delhi**, is a state-level regulatory body responsible for Vocational Training and Skill Development Programs in Delhi. SCVT operates under the Directorate of Training and Technical Education (DTTE), Delhi Government, ensuring that students receive recognized certifications and employable skills in various technical and safety fields.

Key Highlights of SCVT, Delhi

- Affiliated with the Government of NCT, Delhi and aligned with the National Council for Vocational Training (NCVT), Ministry of Skill Development & Entrepreneurship (MSDE), Govt. of India.
- Focuses on High-Quality Vocational Training to prepare students for Government and Private-Sector Employment.
- Ensures industry-relevant curriculum to meet the latest technological and safety standards.
- Recognized by Government Departments, Public Sector Units (PSUs), and Private Industries for employment.
- Provides Hands-On Training and Practical Exposure to equip students with Real-World Skills.

The Asian Institute of Fire Safety, New Delhi, is affiliated with SCVT, Govt. of NCT, Delhi, offering specialized courses in fire technology and industrial safety management.

SCVT-Affiliated Courses at Asian Institute of Fire Safety

Sr. No.	COURSE	ELIGIBILITY	DURATION
1	Fire Technology & Industrial Safety Management	10th Pass	1 Year

Why Choose an SCVT-Affiliated Course?

- Government Recognition – Ensures credibility and higher employability in public and private sectors.
- Practical Training Approach – Includes Fire Safety Simulations, Emergency Drills, and Industrial Safety Procedures.
- Career Advancement – Opens pathways for jobs in Fire Brigades, Industrial Safety Departments, Disaster Management, and Health & Safety Organizations.
- Industry-Aligned Curriculum – Keeps students updated with Modern Fire Safety Techniques and Regulations.

With SCVT-recognized courses, the Asian Institute of Fire Safety ensures that students gain Professional Certifications, Technical Skills, and Career Opportunities in Fire And Industrial Safety Management.

About MSME-Technology Development Center, Meerut (Ministry of MSME, Govt. of India)

The MSME-Technology Development Center (MSME-TDC), Meerut, operates under the Ministry of Micro, Small & Medium Enterprises (MSME), Government of India. It is a premier institution dedicated to Skill Development, Vocational Training, and Technical Education, fostering entrepreneurship and industry-ready professionals.

MSME-TDC, Meerut, plays a crucial role in providing High-Quality Technical and Safety Training to meet industry demands. The center aims to Equip Students with Job-Ready Skills to boost their employability in various sectors.

Key Highlights of MSME-TDC, Meerut

- Operates under the Ministry of MSME, Govt. of India, ensuring national recognition.
- Offers industry-oriented certifications that are widely accepted by private and public sectors.
- Focuses on practical training to enhance technical and safety expertise.
- Provides affordable education with government backing for skill development.
- Supports entrepreneurship and self-employment initiatives.
- Recognized by Government Organizations, Industries, and Multinational Corporations (MNCs) for placement opportunities.

MSME-TDC Certified Courses at Asian Institute of Fire Safety

The Asian Institute of Fire Safety offers specialized courses certified by MSME-TDC, Meerut, ensuring that students receive recognized qualifications in Fire and Industrial Safety Management.

Sr.No.	COURSE	ELIGIBILITY	DURATION
1	Diploma in Fire Service & Operations	10th Pass	1 Year
2	Diploma in Fire Technology & Safety Management	12th / ITI (2 Years)	1 Year
3	Diploma in Industrial Safety	12th / ITI (2 Years)	1 Year
4	PG Diploma in Fire Safety Management	Graduation	1 Year
5	Sub Fire Officer Course	12th + 2 Years' Exp. in Fire/Safety Deptt.	1 Year
6	PG Diploma in Industrial Safety	Graduation	1 Year
7	PG Diploma in Health, Safety & Environment	Graduation	1 Year
8	Certificate in Fireman	10th Pass	6 Months
9	Certificate in Fire Alarm Technician	12th / ITI (2 Years)	6 Months
10	Certificate in Security & Fire Protection Services	10th Pass	6 Months
11	Post Diploma in Fire Safety Management	Dip. in Engg. / Dip. in Fire Safety (2 Years)	1 Year
12	Advanced Diploma in Industrial Safety	Graduation / Diploma in Engg. 12th Pass	1 Year
13	Diploma in Sanitary Health Inspector	12th Pass	1 Year
14	Post Diploma in Industrial Safety	Dip. in Engg. / Dip. in Fire Safety (2 Years)	1 Year
15	Post Diploma in Health, Safety & Environment	Dip. in Engg. / Dip. in Fire Safety (2 Years)	1 Year
16	Certificate Course in Basic Fire Fighting	10th Pass	2 Months
17	Certificate in Construction Safety	12th Pass	6 Months

Why Choose MSME-TDC Certified Courses?

- Government Certification – Courses are certified by MSME-TDC, Meerut, ensuring High Credibility and Recognition.
- Industry-Relevant Training – Syllabus designed as per Industrial Safety Standards and Fire Protection Regulations.
- Career Growth & Job Security – High demand in Public and Private Sectors, including Fire Departments, Industries, Oil & Gas, Construction, and Corporate Safety Teams.
- Affordable & Recognized – Provides Cost-Effective Education with Government-Backed Certification.

The Asian Institute of Fire Safety, in collaboration with MSME-TDC, Meerut, ensures that students receive industry-oriented training, enabling them to excel in Fire Safety, Industrial Safety, and Disaster Management fields.

KNOW YOUR INSTITUTION

The Asian Group of Institutions & Research Organization (AGIRO) is a prestigious group of institutions having three principal places of operation at New Delhi, Gondia (Regd. Off.) & Panvel.

Asian Institute of Fire Safety (AIFS), is a division of ASIAN GROUP OF INSTITUTION & RESEARCH ORGANIZATION (Regd. No.: MAH/21/10 Gondia), a globally acclaimed pioneering group of institutions in Education & Training. Its quality education and rich experience of its expertise in offering global, industry-linked, technology-driven variety of programs with seamless features gives AIFS a unique head start in moving closer to its stated mission of making our nation safe.

AIFS has been set up with the sole objective of providing a world-class education and conducting research in the emerging areas of knowledge society. To begin with, AIFS is focusing on the program offerings at the Post Graduate / Advanced Diploma / Diploma / Certificate level.

The structure, the curriculum, and the delivery are all designed to impart the following attributes to the Programs:

- State-of-the-Art curriculum
- Use of cutting-edge technology in delivery, management, and administration
- Seamless with regard to structure, delivery methods, and educational operations to provide flexibility for learners
- Research focus at all levels and across all programs
- Industry linkage in curriculum design and delivery
- Global marketability

The top academic leadership in the country is advising AIFS, and the top corporate leaderships spearheading AIFS towards its goal of becoming an Institution of Excellence. It is indeed a place where there is a convergence of academia and industry and where the globe shrinks. AIFS is continuously striving to achieve this goal by conducting various courses with extensive practical/technical visits and attachment training programs.

ADMINISTRATION & DISCIPLINE

WORKING HOURS:

The classes will be held between 07:00 AM to 02:00 PM on all working days.

FEE STRUCTURE:

The fee once paid is neither refundable nor adjustable under any circumstances. Registration fee, Examination Fee, Lab-Library Fee, Development Fee, Technical Visit Charges will be additional expenditures.

ADMISSION PROCESS:

Admission will be granted on a First Come First Serve Basis. No admission form will be accepted without an admission fee. For admission, the admission form should be duly executed. Institute authorities can reject the admission without assigning any reason. For admission, students must submit 4 Passport-Size Color Photographs, Original and Attested Xerox Copies of X, XII (or Highest Examination Passed), and Leaving Certificate.

MEDIUM OF INSTRUCTION:

The medium of instruction for all courses conducted by the Institute will be English & Hindi Language.

IDENTITY CARD:

All students will be issued an Identity Card within one month from the day classes commence. It is compulsory for all students to bring their identity card and produce it to security while entering the college premises. If a student loses his/her card, a new card will be issued by charging Rs. 100.

JURISDICTION:

For all legal matters, the jurisdiction will be the city where the student is admitted. For example, if a dispute arises with a student from the Delhi center, the legal jurisdiction will be Delhi city only.

EXTRA CURRICULAR:

In order to develop the full potential and competitiveness of the students, the Institute will be organizing the following activities:

1. Annual day function and prize distribution ceremony
2. Essay writing competition, Group Discussion, Debates, Seminars, etc.
3. Sports.

Key Highlights of Asian Institute of Fire Safety

At Asian Institute of Fire Safety, we are committed to delivering Top-Quality Education and Training in the field of Fire Safety, Industrial Safety, and Disaster Management. Our institution stands out due to its Industry-Focused Curriculum, Expert Faculty, and Strong Placement Assistance.

Comprehensive Course Offerings

We provide a diverse range of Fire and Safety Courses, certified by MSME-TDC, Meerut, SCVT (Delhi), and MSBTE (Mumbai). Our programs cater to students from different educational backgrounds, offering Diplomas, Post Diplomas, Certificates, and Advanced Diplomas to suit various career needs.

Experienced Faculty

Our faculty members are Industry Veterans, Fire Officers, Safety Engineers, and Experienced Trainers with extensive practical knowledge in Firefighting, Industrial Safety, and Emergency Response. Their expertise ensures that students receive Real-World Insights along with theoretical learning.

Key Attributes of Our Faculty

- Industry Professionals with decades of experience in fire safety, industrial safety, and disaster management.
- Certified Trainers holding National and International Safety Certifications.
- Hands-on Practical Experience to ensure Real-World Application of Skills.
- Interactive Teaching Methods, including Case Studies, Live Demonstrations, and Role-Play Simulations.

State-of-the-Art Facilities

Our campuses are equipped with Modern Training Infrastructure to provide students with Realistic and Practical Training in firefighting and safety management.

- Fire Training Grounds with Live Fire Drills and Emergency Simulations.
- Advanced Fire & Safety Labs for hands-on practical sessions.
- Smoke Chambers & Rescue Simulators to train for emergency evacuations.
- Hi-Tech Classrooms with Smart Learning Tools and Audio-Visual Demonstrations.

Placement Support

We have a dedicated Placement Cell that assists students in securing jobs in Leading Industries, Fire Departments, Oil & Gas Companies, Construction Firms, MNCs, and Government Organizations.

- Placement Assistance through our strong network of recruiters and hiring partners.
- Resume Building & Interview Preparation sessions.
- Internships & On-the-Job Training opportunities.
- Industry Visits & Guest Lectures by fire & safety professionals.

Affordable Education

We ensure that quality education remains accessible through Flexible Payment Options, Competitive Fees, and Education Loan Facilities.

a) Flexible Payment Options

To make education more accessible, we offer Bi-Monthly Installment Plans, allowing students to pay their fees in manageable installments instead of lump-sum payments.

b) Competitive Fee Structure

We provide a cost-effective fee structure without compromising on training quality. Our affordable tuition fees ensure that students receive top-notch education at reasonable costs.

c) Education Loan Facilities

We collaborate with banks and financial institutions to offer education loan assistance, making it easier for students to pursue their studies without financial stress.

With a commitment to Excellence Practical Training, and Career Development, the Asian Institute of Fire Safety is the perfect place for aspiring Fire Safety Professionals to build a secure and rewarding career.

Career Opportunities & Job Roles (India & Abroad)

India

1.	Industrial Safety Officer
2.	Health & Safety Executive
3.	Fire & Safety Manager
4.	Environment, Health & Safety (EHS) Engineer
5.	Factory Safety Inspector
6.	Risk Management Consultant
7.	Safety Supervisor in Manufacturing Units
8.	Occupational Health & Safety Auditor
9.	Disaster Management Specialist
10.	Compliance & Regulatory Officer
11.	Process Safety Engineer
12.	Hazard Analysis & Risk Assessment Consultant
13.	Industrial Hygiene & Toxicology Specialist
14.	PPE & Workplace Safety Trainer
15.	Construction & Infrastructure Safety Manager
16.	Power Plant Safety Engineer
17.	Oil & Gas Refinery Safety Officer
18.	Automotive & Heavy Engineering Safety Specialist
19.	Logistics & Transportation Safety Manager
20.	Quality & Safety Compliance Inspector
21.	Fire & Rescue Operations Coordinator
22.	Waste Management & Sustainability Consultant
23.	Petrochemical Plant Safety Officer
24.	Ergonomics & Workplace Hazard Specialist
25.	Renewable Energy Safety Manager

Abroad

1.	International Health & Safety Consultant
2.	Industrial Risk & Compliance Auditor
3.	Occupational Safety Manager in Global Firms
4.	Oil & Gas Exploration Safety Specialist
5.	Infrastructure & Mega Project Safety Coordinator

Expected Salary (India & Abroad)

Entry-Level (0-2 years):

- India: 4 - 6 LPA
- Abroad: \$40,000 - \$55,000 per annum

Mid-Level (3-5 years):

- India: 7 - 10 LPA
- Abroad: \$60,000 - \$90,000 per annum

Senior-Level (6+ years):

- India: 11 - 18 LPA
- Abroad: \$100,000 - \$150,000 per annum

Top Hiring Company Types (India & Abroad)

India

1.	Manufacturing & Engineering Companies
2.	Oil & Gas Refinery Plants
3.	Power Generation & Renewable Energy Firms
4.	Chemical & Petrochemical Industries
5.	Automobile & Heavy Machinery Manufacturers
6.	Steel & Cement Production Plants
7.	Government & Private Construction Companies
8.	Pharmaceuticals & Biotech Industries
9.	Logistics & Warehousing Facilities
10.	Disaster Management & Environmental Agencies
11.	Mining & Metallurgical Industries
12.	EPC (Engineering, Procurement & Construction) Firms
13.	Railway & Metro Project Safety Departments
14.	Shipbuilding & Marine Engineering Companies
15.	Industrial Automation & Robotics Firms
16.	Aerospace & Aviation Industry Safety Divisions
17.	Packaging & FMCG Production Units
18.	Oil & Gas Pipeline Construction Companies
19.	Safety Consultancy & Training Institutes
20.	Smart City & Infrastructure Development Projects
21.	Renewable Energy & Power Plant Safety Teams
22.	Automotive Safety & R&D Departments

23.	Hazardous Material & Chemical Handling Companies
24.	Food & Beverage Processing Plants
25.	Disaster Recovery & Emergency Response Units

Abroad

1.	Global Construction & Infrastructure Firms
2.	International Energy & Petroleum Companies
3.	Aerospace & Aviation Safety Organizations
4.	Chemical & Pharmaceutical Industry Safety Teams
5.	International Occupational Health & Safety Bodies

Admission Process

At Asian Institute of Fire Safety, we follow a structured admission process to ensure a seamless and transparent enrollment experience for all students.

1. Counseling Sessions

Before applying, students can attend our counseling sessions, where our expert advisors guide them on:

- Course selection based on career goals
- Eligibility criteria & prerequisites
- Industry demand & placement opportunities
- Fee structure & financial assistance options

Counseling Mode:

- ✓ In-Person at Campus
- ✓ Online via Video Call
- ✓ Telephonic Counseling

Helpline for Counseling Appointments: **+91 9315790920**

2. Application Steps

- ✓ Step 1: Visit the official website www.asianfiresafety.com or the nearest campus.
- ✓ Step 2: Fill out the online/offline application form with accurate details.
- ✓ Step 3: Upload/Submit necessary documents (See next section).
- ✓ Step 4: Pay the registration fee (non-refundable).
- ✓ Step 5: Appear for the entrance assessment/interview (if applicable).
- ✓ Step 6: Receive the admission confirmation letter via email/SMS.
- ✓ Step 7: Complete the fee payment as per the selected installment plan.
- ✓ Step 8: Attend the orientation program & start your journey!

Confirmation Details - Once admission is confirmed, students will receive:

- Welcome Letter (via Email/SMS)
- Student ID & Enrollment Number
- Course Schedule & Timetable
- Orientation Program Details
- Access to Study Materials & LMS (if applicable)

3. Required Documents

Students must submit self-attested copies of the following documents along with the application form:

- ✓ Educational Certificates: 10th/12th/Graduation/Diploma Mark Sheets
- ✓ Government ID Proof: Aadhar Card/PAN Card/Passport/Voter ID
- ✓ Passport Size Photographs: (4 copies)
- ✓ Domicile Certificate (if required)
- ✓ Experience Certificate (for applicable courses)
- ✓ Medical Fitness Certificate
- ✓ Caste Certificate (if applicable)

Note: All original documents will be verified at the time of admission.

4. Fees and Payment

We offer a flexible payment structure with multiple options:

Payment Modes:

- ✓ Online Payment: Credit/Debit Card, Net Banking, UPI
- ✓ Bank Transfer: NEFT/RTGS/IMPS
- ✓ Cash Payment: Available at institute offices
- ✓ Installment Plans: Bi-Monthly/Quarterly options available
- ✓ Education Loan Facility: Assistance provided through partner financial institutions

Fee Refund Policy:

- Fees once paid are non-refundable except under special circumstances (as per institute policy).

5. Fee Receipt

Upon successful fee payment, students will receive:

- ✓ Instant payment acknowledgment via SMS/Email
- ✓ Official fee receipt (downloadable from the portal or collected from the office)
- ✓ Confirmation of fee installment schedule (if applicable)

Student Life & Extracurricular Activities

At Asian Institute of Fire Safety, we believe in holistic development beyond academics. Our student life is vibrant, dynamic, and filled with opportunities for practical learning, skill enhancement, and social engagement.

1. Workshops and Seminars

Hands-on Training & Expert Sessions

We regularly organize workshops and seminars conducted by industry experts, safety professionals, and government officials to ensure students stay updated with the latest advancements.

Key Topics Covered:

- ✓ Fire Prevention & Disaster Management
- ✓ Industrial Safety Regulations & Compliance
- ✓ Firefighting Equipment Handling & Live

Demonstrations :

- ✓ Health, Safety & Environmental (HSE) Best Practices
- ✓ Crisis Management & Emergency Response Training
- ✓ First Aid & CPR Training

Mode: On-campus & Online Webinars

2. Industrial Visits

Exposure to Real-World Fire & Safety Operations

To bridge the gap between theory and practical application, students participate in industrial visits to top organizations where they can witness real-world fire safety protocols in action.

Industries Covered:

- ✓ Fire Stations & Emergency Response Centers
- ✓ Manufacturing & Heavy Engineering Plants
- ✓ Oil & Gas Refineries
- ✓ Airports & Aviation Safety Units
- ✓ Metro Rail & Transport Safety Facilities
- ✓ Power Plants & Hazardous Chemical Factories

Benefits for Students:

- ✓ First-hand knowledge of industry standards
- ✓ Networking with professionals
- ✓ Hands-on exposure to safety equipment & protocols

3. Competitions and Events

Enhancing Skills Through Challenges

To encourage competitive learning, we host technical competitions and events where students can test their skills, showcase talents, and win recognition.

Popular Competitions & Events:

- ✓ Fire Drill & Rescue Operations Competitions
- ✓ Mock Fire Evacuation Drills
- ✓ Quiz Contests on Fire & Industrial Safety Standards
- ✓ Innovation & Safety Equipment Design Challenges
- ✓ First Responder & CPR Challenges
- ✓ National Safety Week Celebrations

Rewards:

- ✓ Certificates of Excellence
- ✓ Medals & Scholarships
- ✓ Placement Assistance for Top Performers

4. Community Engagement

Serving Society Through Safety Awareness
We encourage students to participate in social initiatives that promote fire safety awareness and disaster preparedness in communities.

Our Community Outreach Activities:

- ✓ Fire & Safety Awareness Camps in Schools & Colleges
- ✓ Road Safety & Traffic Awareness Drives
- ✓ Tree Plantation & Environmental Protection Programs
- ✓ Volunteering with Fire Departments & Disaster Relief

Teams

- ✓ Blood Donation & First Aid Awareness Programs

Objective:

Creating a socially responsible and safety-conscious workforce that contributes to public well-being.

Student Engagement Platforms

Join our Student Clubs & Committees to be part of a proactive learning environment.

Experience an Exciting & Enriching Student Life at Asian Institute of Fire Safety!

Frequently Asked Questions (FAQs)

Here are some of the most commonly asked questions by prospective students about the Asian Institute of Fire Safety and our courses:

1. What courses are offered at the Asian Institute of Fire Safety?

We offer Diploma, PG Diploma, Certificate, and Advanced Diploma courses in Fire Safety, Industrial Safety, Health & Safety, and Disaster Management. Our programs are affiliated with MSBTE, SCVT (Delhi), and MSME-TDC, Meerut.

2. Are the courses recognized by the government?

Yes, our courses are recognized by MSBTE, SCVT (Delhi), and MSME-TDC, Meerut (Ministry of MSME, Govt. of India), making them valid for employment opportunities in India and abroad.

3. What is the eligibility criteria for admission?

Eligibility varies by course:

- Diploma courses: 10th or 12th pass / ITI
- PG Diploma courses: Graduation in Science or Engineering
- Certificate courses: 10th or 12th pass (depending on the course)

4. How can I apply for admission?

You can apply online through our website or visit our admission office. The application process involves filling out a form, submitting required documents, and attending a counseling session.

5. Is there an entrance exam for admission?

No, admissions are based on eligibility criteria and counseling sessions. However, for some advanced courses, interviews may be conducted.

6. What are the job opportunities after completing these courses?

Graduates can work in industries like firefighting, industrial safety, oil & gas, construction, aviation, and disaster management in roles such as Fire Officer, Safety Inspector, HSE Officer, and Emergency Response Coordinator.

7. What is the expected salary after course completion?

Salaries vary based on location and experience:

- Entry-Level (0-2 years): 15,000 – 30,000 (India) | \$1,500 – \$3,000 (Abroad)
- Mid-Level (3-5 years): 40,000 – 70,000 (India) | \$3,500 – \$6,000 (Abroad)
- Senior-Level (6+ years): 80,000+ (India) | \$7,000+ (Abroad)

8. What are the placement opportunities?

We have a dedicated placement cell that provides career guidance, interview training, and connects students with top hiring companies in India and abroad.

9. Do you offer practical training?

Yes, we focus on hands-on training with live fire drills, industrial visits, firefighting simulations, and disaster management exercises.

10. Are hostel and accommodation facilities available?

Yes, we don't provide hostel facilities for students at our centers whereas we provide guidance for the nearest PG/HOSTEL in Delhi, Navi Mumbai, and Gondia.

11. What is the course fee, and are there installment options?

Course fees vary based on the program. We offer bi-monthly installment plans and education loan facilities in partnership with financial institutions.

12. Can I pursue these courses while working?

Yes, we offer flexible learning schedules for working professionals, including evening and weekend classes for select programs.

13. Are scholarships available?

No, scholarships are not available for all courses, but students can apply for various scholarship schemes offered by the State or Central Government.

14. What are the documents required for admission?

- The required documents include:
- ✓ 10th/12th Marksheet & Certificate
 - ✓ Graduation Certificate (for PG Diploma)
 - ✓ Aadhar Card / ID Proof
 - ✓ Passport-size Photos
 - ✓ Work Experience Certificate (if applicable)

15. Do you provide certifications after course completion?

Yes, students receive government-recognized certificates from MSBTE, SCVT, or MSME-TDC, Meerut, depending on their enrolled program.

16. What industries hire fire and safety professionals?

Top hiring industries include oil & gas, aviation, power plants, construction, chemical manufacturing, healthcare, and disaster response organizations.

17. Can international students enroll in these courses?

Yes, we accept international students. We also assist with visa and accommodation arrangements.

18. Is the institute approved for government jobs?

Yes, our certifications are valid for government jobs in fire and safety departments, municipal corporations, and public sector units.

19. How do I contact the admission office?

You can contact us via:
Admission Helpline: **+91 9315790920**
Email: admissions@asianfiresafety.com
Website: www.asianfiresafety.com

20. Where are the institute's training centers located?

We have centers in:
Delhi: H-11, South Extension Part -1, New Delhi
Navi Mumbai: Sukapur, Panvel
Gondia: Utsav Park, Near Bhagwat Tola, Tirora Road

21. What is the difference between a Post Graduate Diploma (PG Diploma) and a Post Diploma (PD) Course?

A Post Graduate Diploma (PG Diploma) is for students who have completed graduation (Bachelor's degree) in Science, Engineering, or a related field. It provides advanced knowledge in fire safety, industrial safety, and health & environment management.

A Post Diploma (PD) Course is for students who have completed a Diploma in Engineering or a Diploma in Fire & Safety. It is designed for those who want to upgrade their skills and specialize further in industrial safety, health & safety, and fire management.

PG Diploma = For Graduates
Post Diploma = For Diploma Holders

अनुसर विद्यार्थियों के शत प्रश. जॉब प्लेसमेंट के लिए फायर-सेफ्टी में पारंगत प्रशिक्षकों द्वारा उच्च दर्जे का प्रशिक्षण दिया जाता है और साथ ही संस्था द्वारा समय-समय पर विद्यार्थियों को उचित मार्गदर्शन, इंटरव्यू टेक्निक्स की क्लासेस, फायर सेफ्टी सेमीनार, इंडस्ट्रियल विजिट, फायर स्टेशन विजिट तथा देश की विख्यात कंपनी में प्रैक्टिकल अटैचमेंट की सुविधा उपलब्ध कराई जाती है और संस्था द्वारा प्रशिक्षित छात्रों के लिए देश की विभिन्न कंपनी में रोजगार (जॉब) के अवसर उपलब्ध कराए जाते हैं. आज देश व विदेशों में फायर-सेफ्टी का बहुत महत्व है और हर कंपनी में फायर-सेफ्टी में रोजगार के

छात्रों ने किया अदानी पावर प्लांट का दौरा

■ गोंदिया, ब्यूरो. एशियन इंस्टीट्यूट ऑफ फायर सेफ्टी गोंदिया के छात्रों ने संस्था के एचओडी टाकेश्वर ठाकरे व प्रशिक्षक संजय बागडे, इंद्रसेन लिलहारे के साथ में अदानी पावर प्लांट तिरुड़ा का दौरा किया. वहां तकनीकी फायर सेफ्टी कार्यों की समीक्षा की. इस अवसर पर अदानी पावर प्लांट के वरिष्ठ अधिकारियों ने संस्था के छात्रों का मार्गदर्शन किया. अदानी पावर प्लांट अग्निशमन विभाग के अधिकारी मुदीत खरे, निखिलेश गोले ने विभिन्न अग्निशमन उपकरणों पर मार्गदर्शन दिया. अग्नि सुरक्षा और आग से बचाव सामग्री का उत्कृष्ट प्रदर्शन किया. अदानी पावर प्लांट के सुरक्षा प्रबंधक सुहास वाकोडकर ने औद्योगिक सुरक्षा और दुर्घटना निवारण उपाय योजना पर मार्गदर्शन किया. उन्होंने प्लांट में काम करने वाले कर्मचारियों के लिए विभिन्न सुरक्षा उपकरणों के बारे में

तथा प्लांट में काम करने के दौरान इस्तेमाल होने वाले सुरक्षा नियमों और सुरक्षा प्रणालियों के बारे में भी छात्रों को विशेष जानकारी दी. एशियन इंस्टीट्यूट ऑफ फायर सेफ्टी गोंदिया के प्राचार्य अविनाश चौरसिया ने कहा कि हमारा इंस्टीट्यूट सर्वोत्तम प्रशिक्षण के लिए वचनबद्ध है. इसके लिए छात्रों को उत्तम दर्जे का प्रशिक्षण दिया जाता है. अदानी पावर प्लांट तिरुड़ा फायर स्टेशन में प्रैक्टिकल विजिट की सुविधा और कंपनी चंद्रपुर सुपर थर्मल पावर में इंडस्ट्रीअल ट्रेनिंग की सुविधा प्रदान की जाती है. विशेष बात यह है कि संस्था द्वारा छात्रों के लिए रोजगार के अपार अवसर प्रदान किए जाते हैं, परिणामस्वरूप इस संस्था में प्रशिक्षण प्राप्त कर अस्मद्ध छात्रों ने अग्नि सुरक्षा के क्षेत्र में अच्छा रोजगार प्राप्त कर अपना भविष्य सुरक्षित किया है.

एशियन इंस्टीट्यूट को राष्ट्रीय पुरस्कार

लोकमत समाचार सेवा

■ गोंदिया : एशियन इंस्टीट्यूट ऑफ फायर सेफ्टी संस्थान को ग्लोबल एजुकेशन लीडरशिप समिट एंड अवार्ड में भारत में सर्वश्रेष्ठ फायरसेफ्टी व सेफ्टी ट्रेनिंग नेटवर्क से सम्मानित किया गया. यह कार्यक्रम दिल्ली के भारत मंडपम प्रांगति मैदान में आयोजित हुआ था.

इस दौरान देशभर के प्रमुख संस्थाओं को शिक्षा व उत्कृष्ट जॉब प्लेसमेंट में उनके उत्कृष्ट योगदान के लिए सम्मानित किया गया. 2007 में स्थापित इस संस्थान ने फायर सेफ्टी शिक्षा में लगातार नेतृत्व स्थापित किया है. इस पुरस्कार समारोह में केंद्रीय मंत्री चिराग पासवान व रामदास आठवले उपस्थित थे. उन्होंने दीप प्रज्ज्वलन कर

कार्यक्रम में उपस्थित केंद्रीय मंत्री आठवले, पासवान, लिलहारे एवं अन्य. समारोह की शुरुआत की. समारोह में पुरस्कार मेरठ एमएसएमई टेक्नोलॉजी डेवलपमेंट सेंटर मैनेजर वी.के.सिंह व नई दिल्ली एशियन इंस्टीट्यूट ऑफ फायर सेफ्टी प्रिंसिपल पूजा लिलहारे द्वारा संयुक्त रूप से प्राप्त किया गया.

अवसर के साथ जॉब के अनेक मौके और सैलरी अच्छी : लिलहारे

सेफ्टी देने वाला करियर है फायर इंजिनियरिंग

■ गोंदिया, ब्यूरो. फायर इंजिनियरिंग एक ऐसा कोर्स है जो रीस्क से तो भरा है लेकिन इसमें जॉब के मौके और सैलरी के स्कोप अच्छे हैं. नवभारत चर्चा करते हुए गोंदिया स्थित एशियन इंस्टीट्यूट ऑफ फायर सेफ्टी के फाउंडर डायरेक्टर अजय कुमार लिलहारे ने अधिक जानकारी देते हुए बताया कि फायर एंड सेफ्टी कोर्स में आपको टेक्निकल नॉलेज के साथ फायर एंड सेफ्टी साइंस से भी रुबक होने का मौका मिलेगा. यदि आप एक ऐसा जॉब प्रोफेशनल तलाश रहे हैं जिसमें एडवेंचर के साथ अच्छा पद और वेतन हो तो आप फायर एंड सेफ्टी के कोर्स कर सकते हैं. इसमें गवर्नमेंट, सेमी गवर्नमेंट व प्राइवेट संस्थानों में जॉब के पखौत अवसर मौजूद हैं. गवर्नमेंट जॉब की बात करें तो यूपी फायर सर्विसेस में फायर मैन, इंजिनियर व मैजिस्ट्रेट लेवल की जॉब निश्चित हैं. लगभग हर सुबे में गवर्नमेंट फायर सर्विसेस संस्था होती है जो फायर एंड सेफ्टी के लिए काम करती है. मेडल व स्टेट लेवल पर भी इनकी गवर्निंग बॉडी होती है जैसे फायर एंड सिविलीटी असोसिएशन ऑफ इंडिया. इसके अलावा लगभग हर प्राइवेट संस्थान भी फायर सेफ्टी के विशेषज्ञों को हायर करती है. इसलिए इस क्षेत्र में जॉब की तो फिलहाल कोई कमी नहीं है.

मिलेगे अच्छे मौके - मेक इन इंडिया और रंग इंडिया प्रोग्राम के तहत भारत में औद्योगिक क्रांति का दौर चल रहा है. विशेषज्ञों की मानें तो यह दौर अगले 10-12 साल तक चलेगा. इसमें निजी उद्योगों के अलावा बड़े पैमाने पर सार्वजनिक क्षेत्र के कारखाने भी खुल रहे हैं. इसके अलावा राज्य सरकार के उद्यम भी हैं. देश विदेश की कंपनियों द्वारा लगाए जाने वाले औद्योगिक संयंत्रों की संख्या भी तेजी से बढ़ रही है. इन सब स्थितियों ने इस क्षेत्र में बड़े मौके खोले हैं. इन कंपनियों में बड़ी संख्या में लोग काम कर रहे हैं लिहाज फायर संकेपी रीस्क भी हाई लेवल पर होते हैं. इसलिए कंपनियों टैंड-क्लिन्स सेफ्टी व फायर मैनेजमेंट विशेषज्ञों को अवकाश हो रहता है. इन स्थितियों का लाभ उठा सकते हैं. किसी मान्यता प्राप्त संस्थान से इसका कोर्स कर जॉब के मौके तलाश सकते हैं. अच्छी सैलरी देश विदेश के विभिन्न सेक्टरों में रिफाइनरी, पेट्रोकेमिकल कॉम्प्लेक्स, बायोटेक्नोलॉजी उद्यमों, फार्मास्यूटिकल, अटोमोबाइल, स्टील, आइल एंड गैस एक्सप्लोरेशन, आईटी आदि सेक्टर में फायर सेफ्टी के बेहतरीन विकल्प हैं.

हाई पेड जॉब में शुमार - फायर इंजिनियरिंग डिप्लोमा कोर्स में प्रवेश लेते हुए, छात्र का 12वीं पास होना अनिवार्य है और डिग्री कर्मी बीएससी इन फायर सेफ्टी या बीटेक इन फायर इंजिनियरिंग में एडमिशन लेने के लिए छात्र का 12वीं डिग्रेशन संकेत से पास होना अनिवार्य है. इसी के बी. ई. (फायर) के डिग्री कोर्स के लिए ऑल इंडिया एंट्रेस एग्जाम भी होती है.
